# DOT INTERNATIONAL DOT INTERNATIONAL

In order to produce the hydrocarbons of tomorrow, deepwater E&P operators around the world encounter the full scope of technology challenges – remote field locations, hostile environments, seafloor issues, difficult currents, flow assurance problems, long distances from infrastructure, logistical challenges and more...

DOT International is the world's premier event dedicated to the deep and ultra-deepwater industries and has a reputation for providing the best networking opportunities and forums for the sharing of ideas and experiences.

## WHO WILL BE YOUR AUDIENCE?

Oil & Gas industry professionals, experts and managers, including:

- Industry leaders who seek information and technologies for future operations
- Senior decision makers from international and regional operators
- Oil and gas operating companies
- Service and equipment suppliers
- Engineering and construction companies
- Contractors
- Consultants

## CALL FOR ABSTRACTS

The Advisory Board of DOT International – the leading global conference & exhibition for deep and ultra-deepwater exploration and production – is now accepting paper abstracts for the 2010 Conference.

We invite you to submit an abstract and share your knowledge, experience and ideas with technical and strategic decision-makers and strategists.

This leading conference is a great opportunity to network with leading organizations and high level influencers and for you to represent your company at the most prestigious event for the industry.

**ABSTRACT SUBMISSION DEADLINE: 6 APRIL 2010**

# CONFERENCE TOPICS

## CONFERENCE TOPICS

- Floating Production Facilities
- Lessons Learned - Field Development
- Brownfield Development
- Multi-Field Development
- Lessons Learned in Deepwater Operations
- Marginal Field Development & Maximization
- Production Optimization
- Field Architecture & Development Concepts
- Technology Qualification and Implementation
- Subsea Technology
- Subsea Boosting & Processing
- Long Distance Subsea Tiebacks
- Risers & Riser technology
- Arctic Technology
- Flow Assurance
- Flowlines & Pipelines
- Well Construction / Drilling Technology
- Completion Design in Deepwater
- Subsea Intervention
- Mooring & Station-Keeping
- Advanced Materials
- Construction / Installation
- Risk & Reliability
- Technology Development Initiatives
- Project Execution & Management
- Workforce Resource Issues
- HSE
- Gas Solutions & LNG
- Model Testing & Response Prediction

### ABSTRACT SUBMITTAL PROCEDURE

Should you wish to submit an abstract for consideration, please follow the procedures below.

#### **Abstract Deadline: 6 April 2010**

All abstracts must be submitted using the on-line form found on the DOT International web site: [www.deepoffshoretechnology.com](http://www.deepoffshoretechnology.com).

The main body of your abstract should be between 150 and 300 words. For full guidelines and requirements, please visit the DOT International website: [www.deepoffshoretechnology.com](http://www.deepoffshoretechnology.com) under the Conference section.

#### Step-by-step procedure:

- go to [www.deepoffshoretechnology.com](http://www.deepoffshoretechnology.com) >>
- click on "submit abstract" in the left navigation bar >>
- complete the required fields >>
- press submit >>
- relax, your abstract has been submitted!

Please submit your abstract **ONLY ONCE** and wait for the automatic e-mail that confirms your registration.

#### **ABSTRACT DEADLINE: 6 APRIL 2010**

Please note that sales pitches will not be accepted into the conference.

 Presenting allowed me to put my ideas in front of the major players from the industry
